SUMMARY

I am an aspiring IT professional currently pursuing a Bachelor of Industrial Technology, majoring in Computer Technology. I have a basic understanding of web development, programming, database management, and computer networking, with experience applying these skills through academic and personal projects. I am also familiar with tools such as VS Code, GitHub, and SolidWorks, with intermediate skills in AutoCAD. I am willing to expand my technical knowledge, gain hands-on industry experience, and continuously improve through learning and practical application. I consider myself adaptable, responsible, and willing to take on new challenges.

EDUCATION

2023 - PRESENT
Talisay City College

Bachelor of Industrial Technology Major in Computer Technology
Poblacion, Talisay City, Cebu

CERTIFICATIONS

August 22, 2026
National Certificate II

Computer Systems Servicing NC II
Technical Education and Skills Development Authority (TESDA).

October 11, 2026
Certificate of Appreciation

Cloud-Based Web Development: An Enhancement Program for ICT Students
Participated in a web development enhancement program organized by the Junior Computer Organization.

PROJECTS

October 2026
Research Prototype

M.I.M.S - Maintenance Inventory Management System
Developed a proposed inventory management system for Talisay City College's Maintenance Department, featuring inventory tracking, borrowing and returns, and stock monitoring using PHP and MySQL.

July 2026
Full-Stack Web Application

OraBank – Banking Admin Console
Developed a banking web application with administrator and user dashboards, account management, and transaction processing using PHP and MySQL.

October 2025
